

Now supporting you with

product upgrade assessments

A&A offers lift product assessments to support engineers when they reach capacity. A report and fully itemised quotation will be provided to the engineer and the cost of the assessment will be refunded when an order is placed.

- A&A saves you time and money.
- A&A support lift engineers with assessments of the lift shaft, lift car and motor room.
- Our reports include recommendations for upgrades and is accompanied by an itemised quotation.
- Our experienced site assessors are EOR202 qualified.

Motor room:

- > LED lighting
- > Emergency bulkhead (Mulu)
- > Signage
- > Bund walls (for hydraulic lifts)
- > Guarding for OSG
- > Yellow paint kit for moving parts
- > Paints/Lubricants/cleaning materials
- > Tool boards
- > Release keys
- > Health and safety items
- > Landing safety barrier
- > Bucher hydraulic valve block spares
- > Handrails
- > Thermostats
- > Motor room heaters
- > Hydraulic tank heater
- > Low friction additive
- > Emergency stop switches
- > Overspeed governors
- > Rotary Isolators
- > Three fused Isolators
- > Consumer units
- > MCBs
- > Fuses
- > 4 Way reversible FB4 slam lock and key
- > Trunking/conduit
- > Twin RCD sockets
- > Metal clad switches

Health and safety items:

- > Health and safety boards
- > Fire extinguishers/fire blankets
- > Eye wash stations
- > First aid kits
- > Signage
- > Tool board
- > PPE
- > Tools
- > Torches
- > Site equipment
- > Hoovers
- > Safety harnesses
- > Lock off and tag out kits (LOKIT)
- > Padlocks

Landings:

- > Fireman's switches
- > Signage
- > Pushbuttons and key switches
- > LOPs
- > Floor indicators
- > Sounders and beacons
- > Centrifugal bells
- > Braille plates
- > Landing safety barrier
- > Landing interface boxes
- > Hoardings

Lift car:

- > Lift car lighting
- > Light watchers/PIR's
- > GSM autodiallers
- > COPs
- > LOPs
- > Pushbuttons including anti-vandal (DDA compliant)
- > Key switches
- > Safety edges
- > Astragals
- > Aircord
- > Handrails
- > Tip up lift car seat
- > VL gate locks
- > Matthews catches
- > Signage
- > Load plates
- > Braille plates
- > Protective drapes
- > Floor protection

Lift shaft:

- > LED shaft lighting
- > Ropes
- > Trailing flexes
- > Cabling
- > Signage/safe refuge signs
- > Compliant emergency stop switch at every floor
- > Limit switch kits
- > Position switches
- > Limit ramps
- > Floor paint
- > Water level sensors for pits prone to flooding
- > Pit access ladder
- > Safety switches
- > Pit prop kit
- > Halfway boxes
- > Landing interface boxes
- > Buffers/buffer posts
- > Oil pots/drip trays
- > Guide shoes
- > Handwinding units
- > Tapehead kits
- > Ladder lock box
- > Pencil switches
- > Universal spill kits
- > Mixed floor label stickers
- > Lift shaft clean down kits
- > Yellow paint kit for moving parts

- > Trunking/conduit
- > Twin RCD sockets
- > Metal clad switches

Lift car top:

- > Safety signage/safe refuge signs
- > Car top control kits
- > Car top control spares
- > Car top barriers
- > Pit mounting panels
- > Alarm sounder
- > Micelet load weighers
- > Kick plates
- > Car top light

Control panel:

- > Signage
- > Digital lift controls spare parts
- > Relays, contactors and control equipment
- > Breakers
- > LED control panel light
- > Rubber isolation mat
- > Control panel locks
- > Batteries
- > Power supplies
